

# Discovering depth on a new path

From the busy streets of London to the mountainous terrain of Mount Rainier in Washington, Timberlands help you discover what adventure is like. With these waterproof boots, each step takes you into a different realm for you to experience in comfort.

Timberland

# With comfort comes energy

Timberland boots offer you the comfort of being able to hike over 15 miles in wooded forests without having to worry about achy feet. Designed for comfort, Timberlands will in return give you the energy needed to complete your adventure.

Timberland

# Designed to last through war

Timberland boots are meant for people that endure the unexpected, whether that be heavy terrain in Europe or fighting for your home country abroad. From hiking to war, Timberland's durability is meant to be long lasting.
